Website Errors

Roman Reed
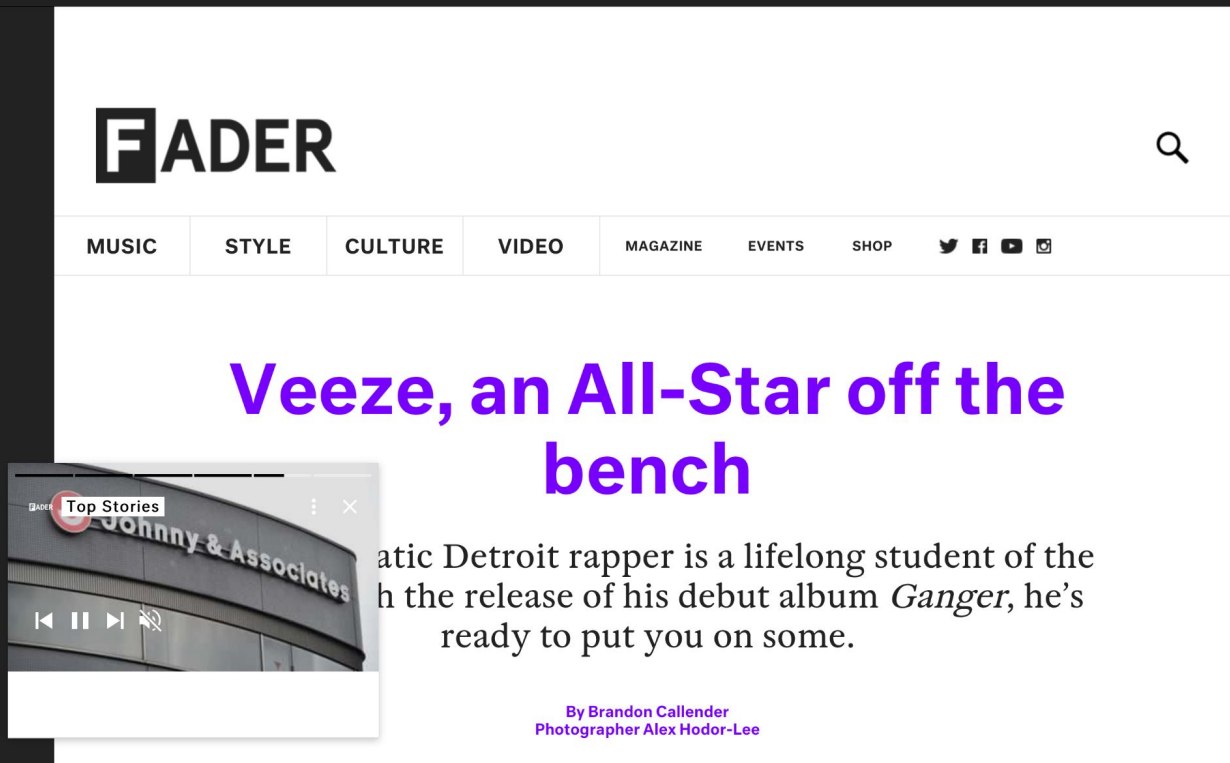

1.

Chubby's Cheesesteaks - 2 of the menus are cut off by the side of the computer screen.
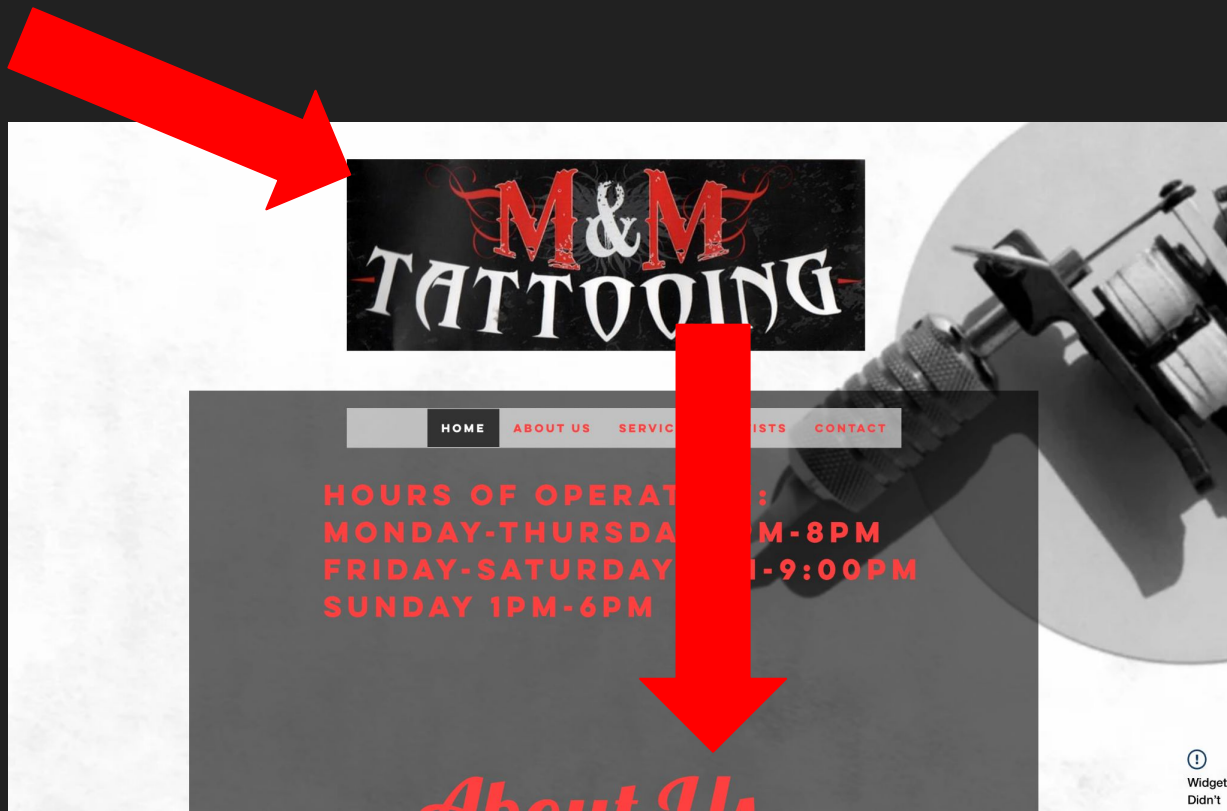

2.

Pop-up - Once I clicked on the website immediately saw the pop-up in the corner.

3.

Bad Overlay - This top box logo of "M&M Tattoo" continues to move down the whole page and blocks info.

4.

Big, unrelated hero - The President of the school is not what students want to see on the open page.

Small lettering - Below the logo.

5.

Big Hero - with pretty much no info. Its hald the wall and it takes up the whole page when you open it.
